## Important Reminders:

- Bring suitable containers with heavy duty plastic liners (example: 5 gallon bucket with a 30 gallon heavy duty trash bag); **NO SCENTED BAGS; THE BAGS ARE NECESSARY TO HOLD OXYGEN TO KEEP THE FISH ALIVE DURING TRANSPORT.** Do not use a lid (it can create holes in the bag); use something like twine to tie the bag if needed
- Fill each container approximately 1/3 full with water from the pond that you plan on stocking the fish; **NO WELL OR TAP WATER.**
- General guidance: one container per 100 small fish, one container per 1,000 minnows; if white amurs or koi are ordered, plan no more than 2 amur or 2-3 koi per 5 gallon container.
- Fish should be taken directly to the pond after pick-up and placed into the pond (if your liner/bag is black or dark colored, please turn it inside out to ensure you have gotten all of the fish into the pond).
- **All Sales Are Final with no guarantee of fish survival.**
- Payment can be made by cash, check, or money order and must be paid when order is submitted by the deadline of September 8<sup>th</sup>.

## I'm stocking white amur (grass carp) to help control aquatic vegetation:

White Amur Stocking Recommendations	
% of Submerged Plants in Pond	# of Amurs Beneficial Per Acre of Pond
0-20%	0-2
20-40%	5
40-60%	10

## What happens if...

In the event you are unable to pick up your order, please call to notify the District office by Monday, September 18<sup>th</sup>.

The District and its supplier will try to find an alternative pick-up in the region; however, there are no guarantees. Orders not picked up on September 19<sup>th</sup> with no prior notification are not guaranteed to be refunded or supplied in the following spring sale.
