

Tile Scoping and Locating Service

“Trumbull SWCD will provide leadership in the promotion, enhancement, and protection of the natural resources by providing conservation technical, educational, and financial assistance to meet the needs of the people of our county.”

Trumbull SWCD

**520 W. Main St., Suite 3
Cortland, OH 44410**

**Phone: 330-637-2056 option 3
Fax: 330-637-0071**

Trumbull SWCD now offers drain tile scoping and locating services to farmers and landowners in Trumbull County. District staff will assist landowners with locating clogs and breaks in drainage tile from 2.25” - 4” in diameter and up to 200’ in length.

Services are available by appointment, are on a first come first served basis, and are limited to drain tile that convey storm water on the exterior of homes. District staff members retain the right to refuse services if drainage tile crosses property lines and/or is affiliated with a neighbor drainage dispute.

For more information about our tile scoping and locating service, or to make an appointment, contact the District office and speak with a technical staff member.
